Approx. 100 Young Hanoverian Stallions to show up at the Stallion Licensing

Verden. The Stallion Licensing in Verden including succeeding Stallion Sales is the highlight of the Hanoverian breeding year. From October 21 – 23, breeders, stallion raisers and talent scouts from all over the world will inspect the stallion prospects, born in 2008, in the renovated Niedersachsenhalle. The proclamation of the „Hanoverian Stallion of the Year 2010“ is also waited for with great anticipation.

Almost 700 young stallions are scheduled to be presented at the 24 different selection places in the whole Hanoverian breeding area. The selection trip will be conducted from September 7 to 21, 2010. Following the strict selection procedure, approx. 100 two-and-a-half-year olds will then travel to Verden. The candidates will be available on video clips on the Internet at the beginning of October.

The Licensing will start on Thursday, October 21, with the presentation on the triangle. The second inspection including free running and free jumping will be held on Friday, October 22, in the Niedersachsenhalle. The free jumping and the presentation of the licensing results will be broadcasted live on the Internet. The Premium stallions will be presented after the free jumping. Saturday, October 23, is the day of the Stallion Sales. Following the lungeing of the stallions, the auction of licensed and non-licensed stallions will start at 3.00 pm. The Verden Stallion Sales is not only the stepping stone for top-class studs. Federal Champions and Olympic Champions have already been discovered on this occasion, too. More and more riders take the opportunity to purchase a first-class horse for competition sport.
