Varied Collection

124th Elite-Auction of Hanoverian riding horses and foals

Verden. The 124th Elite Auction of Hanoverian riding horses and foals will be held in Verden on April 8 and 9. The high-quality collection includes 60 selected dressage and 30 interesting show jumping horses. The offer is complemented by foals with currently popular pedigrees.

At the various selection dates in the whole breeding area until mid of February, the selection committee has chosen the currently best horses for Verden. The full siblings Sunny Boy and Shoto by Stalypso/Ramiro's Son are a special discovery. The three-year-old Sunny Boy exhibits his potential in the dressage arena, the four-year-old Shoto convinces over the fences. The number of jumpers with a thoroughbred background is comparatively high. The Contendro-/Heraldik xx-son Cäsar, for example, is not only talented for show jumping, but also for eventing.

The training of the auction horses will start on March 21. Video clips of the auction training will be published on the website of the Hannoveraner Verband as of March 28. The auction weekend in the Niedersachsenhalle starts on Friday, April 8, as of 10.00 am with the presentation of the auction candidates. As of 8.00 pm, the Gala Evening Show will feature a varied program with the Verden auction horses and with presentations from the sports world. The foals will be delivered to Verden on Saturday, April 9, as of 9.00 am. The auction will start at 3.00 pm.

All information regarding the auction brochure, ticket reservations and regarding the auction collection are available on the website of the Hannoveraner Verband www.hannoveraner.com.
