15 new licensed stallions for Hannover

Hannoveraner stallion licensing in the Niedersachsenhalle

Verden. 24 stallions were presented in Verden for the Hannoveraner Verband's licensing. 15 of them were licensed or approved for Hannover. Ten of the presented stallions were born in 2016. Half of them were licensed, three were awarded with a premium.

The young stallions presented themselves in an excellent manner at the licensing. Five out of the two-and-a-half-year-old stallions shown in the Niedersachsenhalle were licensed, three left the Niedersachsenhalle with a premium title. The first stallion already made a good start. The chestnut by Carridam/Loredo, who is bred and owned by the Dr. Jacobs GbR, Bierbergen, was licensed and awarded with a premium title. He convinced the licensing committee with his ability and caution at the jumps. Cuckoo van de Kattevennen by H. Cornet's Boy/Cheenook (breeder and exhibitor: Hengststation Ferienhof Stücker, Weeze) also convinced the commission with his very good jumping performance. He received the positive licensing result and was awarded a premium. The celebrated Champion Stallion of the Westphalian Licensing also faced the judgement of the licensing commission in the Niedersachsenhalle. A few weeks ago, the Dancier/Floriscout-son (breeder: ZG Broers u. Weber, Aurich) was auctioned off for 700,000 Euro and sold to the owner community Schockemöhle/Helgstrand Dressage. In Verden, the black stallion presented himself with great diligence and a natural grandeur, which was rewarded with licensing and the premium title.

The next stallion licensing in the Niedersachsenhalle will take place on Tuesday, 22 January. Info and results: www.hannoveraner.com
